BFM Passion MK2 Balanced Flue

BFM

RRP from £1865 (Contact us for our discounted price)

Product Description

Passion HE is a market-leading gas fire with the authentic look and feel of a real log fire, combining efficiency and performance with unique style and aesthetics.

Designed with large frame wide-angle viewing, this fire displays a lively fuel effect with natural ascending tall flames that reflect in the deep glossy black enamel interior.

The Passion HE is available with a choice of specifically designed contemporary one-piece fascia's. See our MM Signature range, Ultimo 007, and Provence fascia's. For a more traditional two-piece arrangement, we have introduced a uniquely designed Bauhaus 151 fret which combines beautifully with the Signature trim, or Ultimo trim to further complement the wide viewing angles of this fire.

For optimum aesthetics, this fire can be supplied with non-reflective glass that provides an astonishingly crystal-clear view of the fuel bed. For comfort and performance, choose our fully automatic remote-control option. A manual control version is also available.
