Product Description

Passion MK3

Combining efficiency and performance the Passion HE MK3 is a market leading gas fire with the authentic look and feel of natural burning logs. This glass fronted fire is designed with large frame, wide-angle viewing, displaying tall, lively flames that uniquely erupt from each log, creating a stunning fuelbed blaze. For comfort and performance, this fire comes with a fully automatic remote-control system. Interior - Black enamel

The Passion HE is available with a choice of specifically designed contemporary one-piece fascia's. See our MM Signature range, Ultimo 007, and Provence fascia's. For a more traditional two-piece arrangement, we have introduced a uniquely designed Bauhaus 151 fret which combines beautifully with the Signature trim, or Ultimo trim to further complement the wide viewing angles of this fire.

**Note: Spacer frame is not compatible with cast iron trims and fascia's.
