

British Fires Bramshaw Electric Stove

British Fires

RRP from £1119 (Contact us for our discounted price)

Product Description

The Bramshaw Electric Stove brings together all things contemporary, making you appreciate how a small change can have a big effect on the style of the room. You can choose how to install this electric stove from one of three ways – logs box, pedestal stand or wall hung.

SPECS

- ☑ Heat Output 2kw
- ☑ Supply voltage 220-240 V AC

- ☑ Lighting: LED

FEATURES

- ☑ 2 fuel bed options – real log or glowing logs
- ☑ CE Certified
- ☑ Remote control included
- ☑ 3 fuel bed control options
- ☑ Brightness and flame only setting
- ☑ Daily and weekly timer
- ☑ Thermostatic heater

HEXO HEATER DESIGN

Subtle in appearance yet, efficient in heat disbursement. The Ashurst and Bramshaw both feature the hexagonal shaped outlets to create an interesting honeycomb texture while providing an effective heater outlet.

FUEL BED OPTIONS

The choice of fuel-bed is all yours. Select either the Real Log or the Glowing Log fuel bed for either of the two stove designs.

OPEN & SHUT CASE

In old log-burning stoves the door is opened to put logs on the fire. We wanted to keep this authentic feature from the past and took the opportunity to place the control panel behind it – out of view.
