## Product Description

The Parrona

Made to Measure Available

The characteristic darker veins, intermingled with fossils of plants and animal life all add up to the beauty of this natural stone. Blooms and whisps of fossilised leaves are not considered defects but part of the experience. Pictured here in Portuguese Limestone with Honed. The Parrona is also available made to order in the following natural stones;

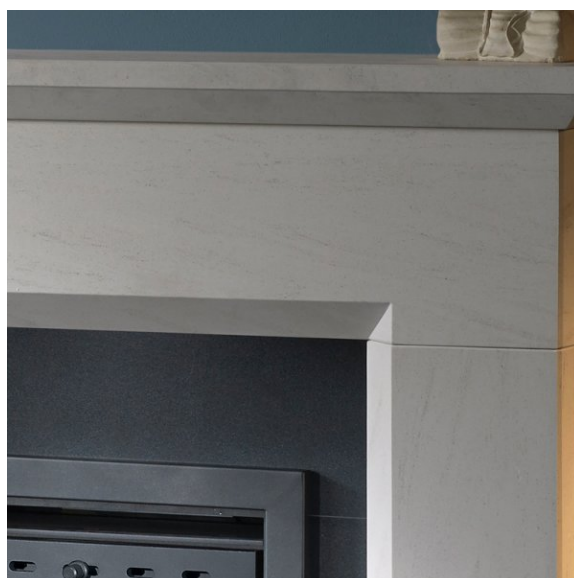

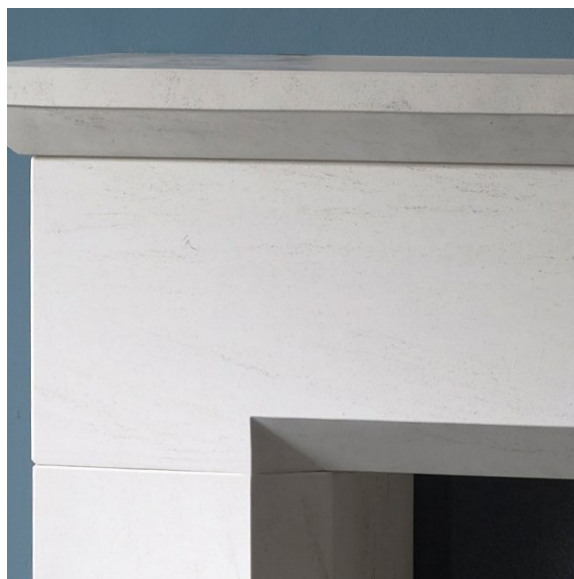

Aegean Limestone

Corinthian Stone

Prefer something a little more practical?

The Parrona can be supplied in 48" and 54" as a full suite in Tuscan Pebble, Barley White, Regal Stone or Perla Micromarbles. Popular due to their easy wipe-clean finish and a great affordable choice if you would like an even and consistent stone finish.
