Product Description

SLE40i Electric Inset

Introducing Capital's latest innovative range of highly efficient, authentic and stylish electric fires. The focus of your living space, the SLE40i features our etronic 3D effect technology for an ultra realistic, relaxing flame pattern and dimensional, glowing fuel bed – cleverly tapered to give the illusion of a deeper fire.

The SLE40i has a 1-2kW heat output and is available with a range of complimentary fireframes, trims and frets to choose from.

You can now choose between either a Log or Coal effect fuel bed.

Supplied with an intuitive remote control as standard, the SLE40i has been designed and manufactured with optimal controllability, enabling you to turn the fire on and off from the comfort of your armchair, set the desired temperature and adjust the brightness of the flames and fuel bed to suit your mood. For efficient and automatic control, it also features a 7 day programmer.
