Product Description

The Braemar Optiflame 3D electric inset fire combines a stylish aesthetic finish, brilliant effects and a powerful 2kW fan heater. Optiflame 3D gives the power of choice. Add a blue flame for cool, calm vibes or choose a deep orange for a glorious glow. Adjust the downlighting to enhance the drama and pick the perfect crystals, logs or coal to enrich the luminosity of the fuel bed.

Designed to fit most common existing fireplaces, easy to use and impressive to view; the Braemar will leave you with toasty toes, while its warm glow makes the room alluring and restful.
