## Product Description

### Cassette 600

Looking deceptively real, an Optimyst fire will captivate you from the moment you see it. The fully 3-dimensional effect creates authentic looking 'flames' and 'smoke' – an illusion so effective that it is difficult to distinguish from the real thing.

#### Built-in Optimyst Electric Fire

- Prefect for bespoke installations
- Optimyst flame technology
- Flame effect only, no heat
- Variable flame intensity
- Remote and manual controls
- Quick-fit IEC (kettle) connection
