## Product Description

The Danesbury electric inset with Optiflame combines a stylish aesthetic finish, brilliant effects, and a powerful electric fan heater. Utilising LED bulbs, the impressive visuals come with a low running cost, and can be used at any time, completely independently of the heater.

Designed to fit most common existing fireplaces, the frame can also be fitted flat-to-wall thanks to the spacer provided. Easy to use and impressive to view; the Danesbury is a complete and reliable electric inset.
