## Product Description

The Kingsley Deluxe freestanding electric fire features the very latest in Optiflame technology - with a multi-coloured LED flame and adjustable flame brightness, the result is a truly unique experience, which creates a stunning centrepiece in any room.

The Kingsley Deluxe has a range of features including a thermostat, a runback timer and has a 2kW heat output. The flame-effect can be used independently of heater, offering the benefit of a cosy atmosphere even when heat is not required. The classic black decorative trim is complimented by the contemporary chrome finish on the trim and fret, along with a choice of fuel bed including real coals and optional top light

The Kingsley is a freestanding fire designed to sit neatly against a flat surface or installed with a fire surround and can be operated from the comfort of your chair using the remote control.

The beauty of a real fire, the simplicity of electric.
