

**Dru Style 5-01 Wall Heater (Drugasar)**

Dru

**£989**

## Product Description

Style is a contemporary range of balanced flue gas wall heaters for domestic or commercial applications.

They have a slick alu-metallic finish and can be used in living rooms, conservatories, extensions, home offices or commercial premises.

There is no need for an electrical supply. Style 3 has a heat output of 3.8 kW.

Additional Flue Kit required at an additional cost - Contact store for more information.
