

Gazco Reflex 105 Multi Sided Balance Flue Gas Fire

Gazco

RRP from £8609 (Contact us for our discounted price)

Product Description

Reflex 105 Multi-Sided Gas Fires

Granting 180° views, Gazco Reflex 105 Multi-Sided gas fires provide stunning visuals that can be experienced from almost any angle. Inside, dual independent burners allow you complete control over your fire, whether you want tall flowing flames, or a warming gentle glow. Beneath the logs, the ember bed is brought to life with Gazco's EmberLight LED up-lighting, offering year-round ambience that can be enjoyed with or without the flames.

With an innovative optional kit, this designer gas fire can also be configured from a Reflex 105-3 three-sided with panoramic views to a Reflex 105-2 two-sided corner installation if desired, with each format featuring non-reflective glass for uninterrupted atmosphere and complete visual clarity.

The Reflex fire range couples advanced technology with ultra-lifelike logs to create a truly stunning gas flame effect almost indistinguishable from a real woodburning fire.

Offering the ultimate in gas fire realism, Reflex fires can be selected in portrait, landscape, single and multi-sided versions - with a choice of styling options to suit your home.
