## Product Description

Elegantly styled to fit equally well in either contemporary or traditional settings alike, the Gazco Vogue Midi Midline gas stoves feature a cast iron door and top plate with refined curves and bevelled edges. For increased presence, Midline models are mounted on a matching log store base that can be used to house chopped logs to add to the woodburning aesthetic.

Creating breathtaking flame visuals, Vogue Gas stoves feature a highly realistic log bed and a polished EchoFlame Black Glass lining that provides a stunning, multi-sided reflection of the flames.

For greater convenience, these stylish stoves can be upgraded with a Programmable Thermostatic handset which allows you to pre-set the stove to provide heat at selected times or temperatures.
