Product Description

Onyx Eclipse Gas Fires

Designed to be the very pinnacle of gas fire innovation, Onyx Eclipse gas fires deliver an unparalleled flame and fuel effect display, for a luxurious centrepiece which eclipses all others.

Onyx Eclipse gas fires are designed to create a truly awe-inspiring focal point in any home, whether traditional or contemporary. Smooth sloping exterior edges give way to our premium non-reflective glass, which minimises glare and reflections to provide a crystal-clear view of the ethereal flame visuals.

Eclipse Gas Fires Features

Heat output: Up to 5.1kW (NG)

High Efficiency: Up to 78%

Energy Efficiency Class: D

Fully Sequential Thermostatic Remote Control

EchoFlame™ Black Glass Lining

ImmersiFlame Triple Burner Architecture

Premium non-reflective glass

Frameless Edge installation also possible

Hand-painted Split Oak Log-effect

Edge+ Frame

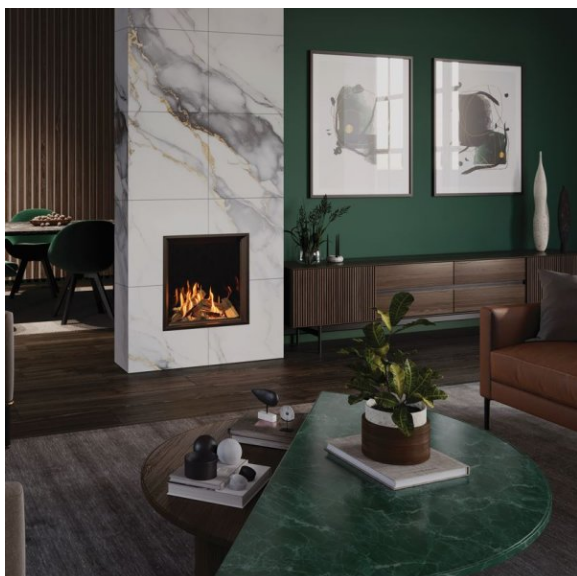

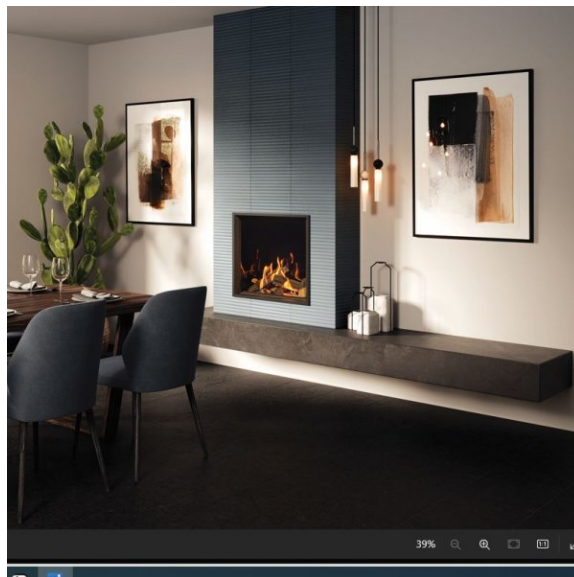

Top and Rear Flue Exit

Natural Gas and LPG Models

Compatible with a choice of stone mantels

What's more, with their portrait fireboxes able to be hearth mounted, Eclipse 60HL gas fires are well suited to be installed within a stone mantel to create a traditional and elegant centrepiece.
