## Product Description

### Luxima Gemma Stove

The Luxima Gas Stove is by far the most luxurious addition to our gas stoves collection. The log-burning fuel effect delivers stunning realism and is set against a highly contrasting black enamelled interior that provides stunning deep flame reflection.

Controlling the Luxima gas stove is made simple via the fully automatic remote control handset. Choose your desired comfort level with the thermostatic setting, then sit back and enjoy luxury warmth from a product that looks sensational and performs brilliantly.
