Product Description

Complete with teak casing, the Firegem Visa Deluxe bears all the hallmarks of the popular Firegem Visa radiant/convector fire; safety, reliability and performance. Featuring heat exchange technology and boasting 89% efficiency with a powerful 4.87kW heat output, this model features a top-positioned heat control for ease of use and feature four heat positions. The highline version of the visa has extended height to assist in distributing heat.

Suitable for chimneys and precast flues, it is available in a range of colours and comes fitted with the RW Safeguard safety system for peace of mind.
