

Wildfire Cavello XE

Wildfire

Product Description

The Cavello XE is a realistic open fronted gas fire with a powerful convecting heat exchanger to boost performance.

The Cavello is supplied with the XE System as standard. This convector appliance will produce enough heat to satisfy most of the largest living rooms. It is available in manual and slide control with options of coal and pebble fuel bed effects.

The Wildfire Cavello XE can be supplied with a range of trims to suit the style that you are trying to achieve.
