

Wildfire HE900

Wildfire

Product Description

The HE900 is available with the Dawin Suite, shown here as a PCF version. This is a stylish solution for homes with precast flue systems. No longer are you restricted to choosing a narrow slimline fire for your precast flue. After years of development, innovation and patent applications, the precast gas fire market has changed.

With its clean European styling, stunning log and flame ensemble with easy slide for ignition and control, nothing compares.
