

Wildfire Ravel 1500

Wildfire

Product Description

The Ravel 1500 MW fire provides an astonishing solution for a gas media wall.

This balanced flue appliance will provide the heart to your media wall. With impressive heat and an unrivalled flame picture, the fuel bed is intricately detailed to reveal the perfect log fire. A convection system forces cooler air through the side grills and up through side outlets at the top of the chimney breast, or through a stylish linear outlet above the television. The installation allows all the unsightly cables to be concealed whilst delivering a stylish and functional media wall to your home. Spot heating with a gas appliance is the most cost effective method to heat a room, allowing the central heating boiler to be turned off for longer periods...the Ravel Media Wall fire is a powerhouse of heat.

Features:

- ☑ Glass-fronted fire
- ☑ Natural Gas appliance
- ☑ Balanced flue
- ☑ Slide control
- ☑ Log fuel bed
- ☑ 4.4-6.5kW heat output
