Product Description

Skeldon

Offering a stylish modern design, the Skeldon inset electric fire is a great choice for refreshing your living space. Available in a black and brushed chrome finish, with extruded trim and a host of features, the Skeldon's warm glow makes it the perfect choice.

The Skeldon features the very latest in Optiflame technology – with a multi-coloured LED flame, downlight, fuel bed lighting option and adjustable flame brightness, the result is a truly unique experience and a perfect centrepiece in any home.

Controlled by the easy-to-use remote control or the manual controls located on the top right had side of the fire this model has a range of features including a thermostat, a runback timer and 2kW heat output with two heat settings. The flame-effect can be used independently of heater, offering the benefit of a cosy atmosphere even when heat is not required.

The beauty of a real fire, the simplicity of electric.
