Product Description

The fine castings of the Huntingdon 40 Electric stove is brought alive with Gazco's Chromalight® technology, which gives you three flame and 13 fuel bed lighting colours. These advanced LED systems create a highly realistic visual, particularly when paired with the included log and pebble fuel effects. To reduce energy consumption, Huntingdon Electric stoves feature a series of innovative energy saving features which can operated with the Eco remote control.
Presented in a three finishes; Matt Black, Matt Ivory and Ivory enamel, the Huntingdon 40 electic stove can be chosen with a tracery door for refined style or clear door.
