Product Description

The Kohlangaz Durlston Balanced Flue is the perfect solution for those who like the look of a full depth fire but don't have a standard chimney or flue in their home.
At 93.5% energy efficient this glass fronted fire is the most efficient product in our range and offers an impressive 3.9kW heat output.
The Durlston Balanced Flue can be teamed with a wide selection of Kohlangaz trims, frets and fascias. This fire can be installed easily into most standard cavity walls when fitted with a 3" rebated fire surround.
Simple and discreet. The control system is located behind the fires fret or trim. Once the fire is lit rotate the control knob to adjust the flame height and heat output.
